# Fire safety service

## Our services

### Fire protection service

- ✓ All types of Fire Extinguishers
- ✓ FM 200 Suppression System
- ✓ Foam System
- ✓ Carbon Dioxide System
- ✓ Dry and Wet Standpipe Systems
- ✓ Fire Hydrants(all types)
- ✓ Chemical and Halotron
- ✓ Sprinkler system
- ✓ Deluge system
- ✓ Water Mist System
- ✓ Fire Alarm Systems(Addressable / Conventional)
- ✓ Fire Fighting Pumps(UL Listed / Non UL Listed)
- ✓ Gas Detection System
- ✓ Wet Chemical Suppression System
- ✓ End Suction Centrifugal Pump
- ✓ Horizontal Split Case Pump
- ✓ Vertical Turbine Pump
- ✓ Vertical Multistage Centrifugal Jockey Pump
- ✓ Regenerative Turbine Jockey Pump
- ✓ Industrial Safety

# Fire safety service

## Our services

### Fire extinguishers

- ✓ Carbon dioxide extinguisher (portable&mobile type)
- ✓ Dry chemical powder extinguishers(portable&mobile type)
- ✓ Foam extinguisher (portable&mobile type)
- ✓ Water extinguishers(portable&mobile type)
- ✓ Halotron fire extinguishers(portable&mobile type)

### Conventional fire alarm&detection systems

- Our fire alarm and detection professionals would be pleased to provide a complete certification and testing program for any of your facilities.

# Fire safety service

## Our services

### Our service and product lines include:

- ✓ fire alarm systems inspection
- ✓ fire alarm systems service
- ✓ fire alarm systems installation
- ✓ monitoring
- ✓ wireless monitoring
- ✓ alarm activation
- ✓ fire pump signals
- ✓ sprinkler systems
- ✓ suppression and special hazard systems
- ✓ suppression system discharge
- ✓ tamper, supervision/trouble
- ✓ other alarm options

# Fire safety service

## Our services

### Addressable fire alarm system

Addressable analogue 1 to 2, 1 to 4, 1 to 6, loop control panels, 200 devices each loop with built-in battery charge and battery backup power supply.

The S-Quad combines a sounder and strobe within a sensor which not only reduces the number of individual devices you have to install, but also provides an even cover of sound and light throughout a building.

# Fire safety service

## Our services

### Fire sprinkler systems

Automatic sprinkler protection has been widely used in a variety of locations. Every sprinkler installation is tailor-made to suit various factors such as features of building construction, dimensions of the compartment, fire load of the occupancy, the possible type of fire etc.

### FM 200 suppression system

Our equipment is the front-line defense against fires in diverse products such as consumer electronics, computers, textiles, furnitures and auto parts. Case after case, studies show that fire suppression systems save lives.

# Fire safety service

## CO2 suppression system

Design, agent calculations for hazard area, installation of high pressure piping network threaded & welded, fixing of equipment, commissioning, testing & training, after sales services with wide variety of hazards to fit your industrial & commercial fire protection needs.

# Our services

## Foam systems

Design, installation of all type of low, medium and high expansion foam systems with UPVC, PE, OS piping networks, all kinds of welding and fabrications, testing, commissioning maintenance, service contracts, providing expert fire fighters, service contracts, training etc.

# Fire safety service

## Landing / hydrants / post indicators

All kinds of welding & fabrications, testing, commissioning, maintenance, service contracts, providing expert fire fighter, and training.

# Our services

---

## Fire hose, reel, cabinets & accessories

# Fire safety service
